→OVER HIS 35 YEARS as a psychic and tarot-card reader, Dante Sabatino has earned a reputation for his startling accuracy. "It's truly

shocking," says one private wealth adviser. For **Roxanne Ong**, an executive at a beauty company, he has been able to predict events "as far as four years out." Morgane Le Fay designer **Liliana Casabal** calls him "a true visionary." And he is able to perform these detailed readings not only privately—in his Chelsea apartment or over Zoom (from \$120 for 30 minutes)—but also at parties: Bulgari, Sephora, and Simon & Schuster have all hired him for private events.
